Blair,

Attached is the application with the revised title and copies of the drawings. I am awaiting your okay on the drawings and then we need to get this filed with the USPTO. Could you please advise and/or come over to my desk [REDACTED] and sign off on the assignment and declaration. We need this done ASAP.

Thanks so much,

[REDACTED]

Re: Double Sided Ball Grid Array Multi-Die Package

Attached are the figures for the above noted patent. I recall you stating that the title on the spec was incorrect, but that the body of it was ok. What is the correct title so that I may direct this change to Gus to do.
